FTP (File Transfer Protocol) service [] Port number(s) []

SSHD (Secure Shell Server) service [] Port number(s) []

HTTP/HTTPS (Web) service [] Port number(s) []

Peer-to-peer file sharing service [] Port number(s) []

Others

This machine is not administered by IT staff from the Econometrics Laboratory or the Department of Economics, and as such I am the system administrator of this machine as determined by campus policy governing networked devices.

I understand that the IT staff of the Econometrics Laboratory and the Department of Economics will not provide any assistance in the event of a security or network problem involving my equipment. Any approaches received by the IT staff of the Econometrics Laboratory and the Department of Economics from the System and Network Security office, Communications and Network Services, or other campus authority concerning this equipment will be passed to me for action.
